MARITAL DISCORD (New Revised Edition)**
by AbdulHamid A. AbuSulayman

This paper examines the issue of marital discord with a deep sensitivity to the perspective of women. Criticising an approach to the Qur'an that is misogynistic rather than emancipatory the paper moves the debate forward by introducing an alternative inter-pretation of the Qur'anic text. The explanation is fresh, firmly on the side of women's human rights and recaptures the full Islamic spirit of human dignity.
